### **what you will need**

1. straight edge (ruler)
2. cutting blade

### **directions**

1. take the back (dull) edge of the blade and crease the paper lightly from one dotted line to the other.
2. with the knife's sharp edge, cut the paper from the one solid line to its corresponding line.

3. repeat step 2 until cover is cut out.
4. fold along crease and place within jewel case.
